

BUDGETING 101

Wednesday, October 11 | 6pm - 8pm
Trinity Western University - Richmond (Minoru Campus)
311 - 5900 Minoru Boulevard

Facilitated by Match Lai & Dennis Lo | RBC Future Launch Champions

When developing a community project, one of the most important steps is creating a budget. What are your expenses? What are your sources of revenue? If you want your initiative to be impactful and sustainable, you have to make the numbers work.

In this session, you'll learn budget basics, starting with your own finances. Our facilitators from RBC will answer questions like:

- What is a budget?
- What is money and what can it be used for?
- How can you create your own budget?
- How can you actually save money while in school?

You'll leave the workshop with the tools and knowledge to prepare any type of budget - including one for your future community project!
